25 YEAR RE-REVIEW

25X1 1. I met with [] to discuss his career plan and his job-hunting. It became apparent that we will have to have a procedure for handling the career plans of Training people who are stationed elsewhere than OTR headquarters. I have discussed this with [] will submit his career plan to me for presentation to the Board. 25X1

25X1 25X1 2. I talked to [] about her situation today inasmuch as [] has expressed interest in her and wanted to talk to her. I talked to 25X1 [] who explained to me that it was still desired by DDCI to come up with some kind of newsletter (which she is apparently working on) and after this next go-round, it will be decided whether she is to be continued on this assignment and whether a slot will be provided for this function. I then told [] to tell [] that she is not available, 25X1 at least until summer.

25X1 3. Met with [] Rositzke, and [] to discuss possible training requirements arising from his inspection of [] There may be some requirement for the training of []

25X1 [] analysts and there would seem to be some need for introducing some 25X1 material [] and its operational utilization into our 25X1 instruction [] will look into this 25X1 matter further.

7. The following paragraph is from the Minutes of DD/S Luncheon Meeting,
1 February 1956:

"6. At a recent meeting of the Supergrade Review Board, it was
decided to go ahead with moderate expansion in the supergrade
structure of the Agency. This will be a slow procedure but if
the office heads already have a position and are sure of the
man they want considered for it, they should discuss it with
Colonel White. He feels that a broad background is an important
item for consideration in considering a promotion to a supergrade,
and if the office heads have men whom they feel will ultimately
be considered for promotion to this level, they should be plan-
ning now to get these men out in the field so they will have this
experience behind them."
